About Us

At Wedding Wishes, we believe a wedding is more than a single day; it is a living story that deserves to be told, remembered, and cherished.

We are a Las Vegas creative media team. Since 2019, our photographers, videographers, editors, writers, and designers have helped couples capture their day and turn it into keepsakes they will treasure for a lifetime.

From photography and video editing to speeches, stationery, personalized online wedding pages, and heirloom wedding memoir magazines, we bring every creative detail of your story together under one trusted brand.

And because love deserves to be celebrated, we donate a percentage of our proceeds to couples in need of wedding funds.

Our Mission

*Celebrate love. Preserve memories.
Inspire stories that last a lifetime.*

What Sets Wedding Wishes Apart

Your wedding day moves fast. The vows, the toasts, the laughter, and the details you spent months choosing all pass in a few short hours. Wedding Wishes exists to make sure none of it is lost.

We are not planners. We are storytellers: a creative media team that works alongside the vendors you have already chosen to capture your day beautifully and transform it into something you can hold, share, and relive.

Our approach blends **professional photography and video** with **editorial storytelling**, so every image, word, and page feels intentional and connected. Instead of piecing together separate photographers, editors, writers, and designers, you work with one creative team and one dedicated point of contact.

Your story comes first. We begin by learning who you are as a couple (your style, your history, and the moments that matter most) so everything we create feels unmistakably yours.

From there, our team brings the **creative services** that preserve your day: photos and film, heartfelt speeches, custom stationery, a personalized online wedding page, and our signature **wedding memoir magazines**. Each piece is crafted with **an editorial eye and creative depth**, turning your celebration into keepsakes that reflect who you are as a couple.

From your first look to your final dance, and long after the wedding day has passed, Wedding Wishes ensures your love story is beautifully captured, thoughtfully written, and remembered for a lifetime.

"...From the invitations to our personalized memoir, they handled the details so we didn't have to. Having a team we trusted let us actually relax and enjoy our wedding." — Diana & Roberto Loruso

"The wedding registry page was completely hassle-free and created exactly how I envisioned it. Unlike other platforms that give you a template and expect you to build everything yourself, Wedding Wishes handled every detail for me, from design to hosting. It saved me so much time and stress, especially since I don't have any web design skills or endless free time. The entire process was effortless, and price-wise, it truly beat every other option we considered."— Jessica Murray

"I ordered a personalized magazine. The design was so amazing!!! Looked like a real magazine, only that the people featured in the magazine were us and our families. Brilliant idea! I'll cherish this magazine forever!" — Robert Tokarczyk

Wedding Wishes Is For Couples Who:

- ✓ Want their wedding captured beautifully, not just photographed;
- ✓ Care about meaning as much as aesthetics;
- ✓ Value storytelling over scattered details;
- ✓ Want their memories preserved, not lost in a folder;
- ✓ Are celebrating a local or destination wedding in Las Vegas;
- ✓ Want one creative team instead of a dozen separate creatives;
- ✓ Want to see visual mockups before anything is printed;
- ✓ Appreciate thoughtful details and elevated creativity;
- ✓ Want to relive their wedding for years to come.

Our Process:

Discover

We begin by understanding your story, your style, and the moments that matter most.

Design

We create the creative direction and visual mockups for your keepsakes.

Capture & Create

We photograph, film, write, and design every piece with care.

Preserve

Your wedding is edited, documented, and transformed into meaningful keepsakes.

Your wedding deserves more than a beautiful day; it also deserves to be remembered.

At Wedding Wishes, we bring creativity, artistry, and intention to every piece we create, so you can enjoy every moment knowing your story is being thoughtfully preserved. From the first conversation to the memories you will hold onto for years to come, we are here to capture and preserve your story...beautifully, effortlessly, and with care.

Before Your Big Day...

Remember to take a breath.

Before the music starts and the moments begin to fly by, ask yourselves a few simple questions:

Who will capture the moments that matter most to us?

Will our vows and speeches live on after the day ends?

Do we want a keepsake we can hold, not just a folder of files?

Will our guests have one beautiful place for every detail?

Your wedding day passes in a few short hours, but your story deserves to last a lifetime. With the right creative team, every glance, word, and detail is captured and preserved, so you can relive it again and again.

We'd be honored to be part of your story.

WITH LOVE,
*Wedding
